

# Springtime Pinwheel

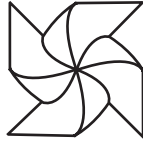

Print this on various colors of paper or cardstock. Color or draw designs on to the paper, then follow the instructions for making a pinwheel. (Note: to make the pinwheel spin best, make the center holes about the size of a pencil eraser.) Push a thumbtack through the centers on to a wooden dowel, allowing space enough for the paper to spin.

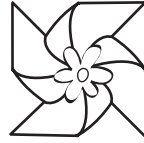

Cut on dotted lines

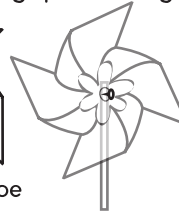

Fold down corners shown

Tape to center

Top with shape

Poke hole in center. Attach pin through to dowel.

# Springtime Pinwheel Centers

Use these shapes to add fun centers to your pinwheels.
